| **Development** | JIRA, PHP, Drupal, Backdrop, MySQL, HTML, CSS, SASS, LESS, JSON, Behat, Cucumber, phpcs, phpmd, phplint |
| **Infrastructure** | Ansible, RHEL, Debian, Windows, VMWare vSphere, AWS, Solarwinds Orion, Newrelic, AppDynamics, Vagrant |

## Experience

**Ciox Health**                                                                                         *Alpharetta, GA*

DEVOPS ENGINEER                                                                                 *June 2016 - Present*

Create software deployment pipelines using Ansible and Jenkins for Microsoft and Java based web applications in a hybrid AWS and VMWare environment.

**OpenSpan - Now Pegasystems**                                                                          *Alpharetta, GA*

SECURITY ANALYST                                                                              *June 2015 - June 2016*

Inspected security measures for the protection of Ruby-based, AWS-hosted web application and IT environments. Monitored and analyzed security controls, reviewed vulnerabilities, maintained and enforced security policies, and performed risk assessments.
- Established vulnerability management program based on Tenable SecurityCenter.
- Wrote policies and technical configuration documents to align with security standards and European privacy regulations.
- Performed internal audits of cloud and IT infrastructure.

**Classic Graphics - Division of Imagine! Print Solutions**                                              *Charlotte, NC*

INFORMATION SECURITY LEAD

SENIOR APPLICATIONS ARCHITECT                                                             *September 2007 - June 2015*

DEVELOPMENT MANAGER

Spanned multiple roles across the web application software development team to create Drupal-based web applications.
- Lead the web development, devops, QA, and cloud security teams.
- Achieved "continuous deployment" lean development culture permitting on-demand deployments during business hours.
- Continuously analyzed processes and procedures in IT and manufacturing to reduce risk in technical and manufacturing processes.

**Workforcelogic**                                                                                        *Telecommute*

QUALITY RATER                                                                        *December 2006 - December 2007*

1-year contract with Google to help train the Googlebot Pagerank engine to show timely and accurate results.

**Advanced Automation Inc**                                                                               *Telecommute*

INFORMATION TECHNOLOGY DIRECTOR                                                            *August 2003 - June 2006*

Developed a Drupal-based training extranet for hundreds of insurance agencies.

## Education

**Boy Scouts of America**

WOOD BADGE                                                                                             *2018 - 2019*

**University of Central Florida**

PH.D., INSTRUCTIONAL TECHNOLOGY
M.S., MANAGEMENT INFORMATION SYSTEMS                                                                   *2003 - 2007*

**The University of Texas at Tyler**

BACHELOR OF BUSINESS ADMINISTRATION                                                                    *1999 - 2002*
